## Health, Safety and Welfare Policy

### 1 Introduction

- 1.1 The health, safety and welfare of all the people who work or learn at our school are of fundamental importance. We aim to provide a safe, secure and pleasant working environment for everyone. The governing body, along with the LEA, takes responsibility for protecting the health and safety of all children and members of staff.

### 2 The school curriculum

- 2.1 We teach the children about health and safety in order to equip them with the skills, knowledge and understanding to enable them to live positive, successful and healthy lives. Teachers take every opportunity to educate children in this regard in the normal school curriculum. For example, through the science curriculum we teach children about hazardous materials, and how to handle equipment safely.
- 2.2 We teach children respect for their bodies, and how to look after themselves. We discuss these issues with the children in PSHE lessons and we reinforce these points in science lessons, where children learn about healthy eating and hygiene. We also show them how to move and play safely in PE lessons.
- 2.3 Health and safety issues also arise when we teach care for the environment and awareness of the dangers of litter. Key Stage 2 children receive sex and drugs education. (See the Drugs Education Policy and the Sex Education Policy.)
- 2.4 Our school promotes the spiritual growth and welfare of the children through the RE curriculum, through special events such as harvest festivals, and through the daily act of collective worship.
- 2.5 Each class has the opportunity to discuss problems or issues of concern with their teacher. Teachers may use circle time to help children discuss and overcome any fears and worries that they may have. Teachers handle these concerns with sensitivity.

### **3 School meals**

- 3.1 Our school provides the opportunity for children to eat their packed lunches in the Hall at lunchtimes. If parents are in receipt of income support, they may claim free school meals for their children. We do all we can to ensure that the meals provided have a suitable nutritional value, in line with the requirements of the School Standards and Framework Act of 1998.
- 3.2 Our school promotes a healthy lifestyle. As sweets can damage children's teeth, we do not allow sweets or chewing gum to be eaten in school.

### **4 School uniform**

- 4.1 It is our school policy that all children wear the school uniform when attending school, or when participating in a school-organized event outside normal school hours. We agree the requirements for school uniform with parents and we review these regularly.
- 4.2 We always have a sensitive approach where the issue of regulations regarding uniform conflict with any child's religious or cultural beliefs. We have drawn up the regulations regarding school uniform with due regard to issues of equal opportunity and sex discrimination.
- 4.3.1 It is the responsibility of the Headteacher to ensure that the school uniform policy is enforced.
- 4.4 We ask parents to equip their children with the necessary uniform and school equipment, so that they are able to participate fully in all school activities. If a child repeatedly attends school without the correct uniform, we will inform parents and request that they make sure their child leaves home with the proper uniform. If a parent is in financial difficulties, and this results in a child not having the correct uniform or not having adequate equipment, our school will do all it can to support the parent. We ask parents not to send their child to school with 'extreme' hairstyles or the sort of appearance that is likely to cause them to draw attention to themselves. We ask parents to discuss any issues relating to their child's appearance if this is influenced by religious belief.
- 4.5 On grounds of health and safety we do not allow children to wear jewellery in our school. The exception to this rule is ear-ring studs in pierced ears. We ask children either to remove these during PE and games or to cover them with a plaster.

### **5 Child protection**

- 5.1 There is a named person responsible for child protection in the school. This is normally the Headteacher, but she may delegate this responsibility in some circumstances.
- 5.2 If any teacher suspects that a child in their class may be the victim of abuse, they should immediately inform the named person about their concerns.

## Health, Safety and Welfare Policy

**5.3** The school's named child protection officer, Mrs Leah Stirrat, works closely with social services and the other agencies when investigating such incidents. We handle all such cases with sensitivity and we place paramount importance on the interests of the child.

**5.4** We require all adults employed in school to have their application vetted through police records in order to ensure that there is no evidence of offences involving children or abuse.

### **6 School security**

**6.1** While it is difficult to make the school site totally secure, we will do all we can to ensure the school is a safe environment for all who work or learn here.

**6.2** We require all adult visitors to the school who arrive in normal school hours to sign the visitors' book in the reception area, and to wear an identification badge at all times whilst on the school premises.

**6.3** Teachers should not allow any adult to enter their classroom if the school visitor's badge does not identify them.

**6.4** If any adult working in the school has suspicions that a person may be trespassing on the school site, they must inform the Headteacher immediately. The Headteacher will warn any intruder that they must leave the school site straight away. If the Headteacher has any concerns that an intruder may cause harm to anyone on the school site, she will contact the police.

### **7 Safety of children**

**7.1** It is the responsibility of each teacher to ensure that all curriculum activities are safe. If a teacher does have any concerns about pupil safety, they should draw them to the attention of the Headteacher before the activity takes place.

**7.2** We will not take any child off the school site without the prior permission of the parent. At the start of the year all parents will be requested to fill in a form stating they give permission for their child to go by foot on localised trips and visits, i.e. to the Church for services, round the immediate locality for history/geography work, taking part in environmental projects etc.

**7.3** If an accident does happen, resulting in an injury to a child, the teacher will do all s/he can to aid the child concerned. We keep a first aid box in the first aid room. The following staff at the school have been trained in first aid: **the Headteacher – Mrs Leah Stirrat, The Deputy Headteacher – Mr Tudor Evans and the Bursar Mrs Shona McCarthy.**

**7.4** Should any incident involving injury to a child take place, one of the above-mentioned members of staff will be called to assist. If necessary, the school secretary will telephone for emergency assistance.

**7.5** We record all incidents involving injury in the school logbook, and we inform parents in all cases of head injuries. Children involved in any type of head or facial injury are given a "head letter" to take home. Should a child be quite

## Health, Safety and Welfare Policy

seriously hurt, we contact the parents through the emergency telephone number that we keep on the school files.

### **8 Seat belts**

- 8.1 We only use coaches and mini-buses where seat belts are provided. We instruct the children to use seat belts at all times when the bus is moving.
- 8.2 We will comply with government legislation in the use of booster seats

### **9 Theft or other criminal acts**

- 9.1 The teacher or Headteacher will investigate any incidents of theft involving children.
- 9.2 If there are serious incidents of theft from the school site, the Headteacher will inform the police and record the incident in the incident book.
- 9.3 Should any incident involve physical violence against a teacher, we will report this to the Health and Safety Executive and support the teacher in question if he or she wishes the matter to be reported to the Police.

### **10 Monitoring and review**

- 10.1 The governing body has a committee of named governors with responsibility for health and safety matters. It is these governors responsibility to keep the governing body informed of new regulations regarding health and safety, and to ensure that the school regularly reviews its processes and procedures with regard to health and safety matters. The governors in question may also need to liaise with the LEA and other external agencies, to ensure that the school procedures are in line with those of the LEA.
- 10.2 The governing body, in consultation with professional advisors, carries out regular risk assessments to ensure that the school is a safe environment.
- 10.3 The Headteacher implements the school health, safety and welfare policy on a day-to-day basis, and ensures that all staff are aware of the details of the policy as it applies to them.
- 10.4 The Headteacher reports to governors annually on health and safety issues.
- 10.5 This policy will be reviewed at any time at the request of the governors, or at least once every two years.
